Dinette Seating Configurations.

Pioneers are equipped with either a traditional dinette booth and table that seats four or the U-shaped Mega Dinette

that comfortably seats you and five other guests. Both dinettes come with a versatile table that can be used indoors or outdoors to accommodate all your dining needs.

U-Shape Mega Dinette

RADIUS FRONT PROFILE
Our sleek looking aerodynamic radius front profile decreases wind resistance while towing, maximizing gas mileage and improving handling.

BIKE RACK
The built-in, bicycle rack is also great for bulky camping items.

LARGE AWNINGS
Enjoy your patio area rain or shine.

Remote power awnings with multi color LED light strip are also available options.

BLACK TANK FLUSH
Our optional built-in tank flush takes the mess out of black tank dumping. Simply hook up a city water supply and let the pressurized spray do the dirty work.

POWER TONGUE JACK
Raise and lower your Pioneer with one finger.

EXTERIOR SHOWER
Convenient Outside shower with hot and cold water.

SMART DESIGN Built to Last...

...and the methods and materials we use are built to last. You can walk on roofs and enjoy the views you will enjoy for years. We'll make the lasting memories.

Preserving our environment is very important to HEARTLAND. We strive to reduce, reuse and recycle in every facet of the corporation. We are reducing paper waste with new electronic processing, our vendor partners reuse packaging and crating for many components and we recycle all aluminum scrap, wood cutoffs, skids, wire, cardboard and plastic containers. Heartland is doing our part to preserve the environment so you and your children's children can enjoy RVing in all that our precious environment has to offer.

Heartland Recreational Vehicles
2831 Dexter Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
