

Solar Power for your
Heartland RV

LAUNCHING LIFE'S JOURNEYS

SOL POWERED BY THE SUN

Travel is a time for more exploration. More fun. More memories. With our new solar packages, SOL, Powered by the Sun, it's easier than ever to plan an adventure off the beaten path. With multiple tiers of solar capability to choose from, you can choose solar technology that supplements your energy use or helps you camp off-grid entirely. And that means you can experience the great outdoors with more freedom than ever – without sacrificing comfort.

Using solar power in your RV has tons of amazing benefits. You'll save money on energy costs, have a renewable source of clean energy, and gain the flexibility to travel wherever you want without needing an electric hookup every day. Solar power is quiet, easy to maintain and reliable, making it the perfect way to enjoy your RV to the fullest for years to come.

SÖL PREP

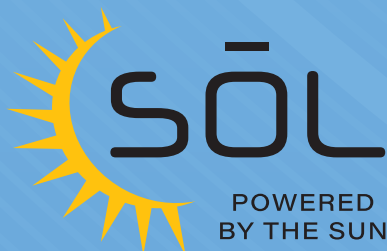

All units are prepped with:

- All wiring for solar panels, inverter and battery power - ***panels, inverter and batteries not included***
- Dedicated housing for inverter and transfer switch
- 30-amp charge controller
- Up to 8 outlets prepped
- Ability to add up to 2 x 190-watt panels - requires 12 sq. ft. for each panel

200 Amp Charge Inverter Fuse Kit

50 Amp Charge Controller Fuse Kit

30 Amp Charge Controller

SÖL 190

Included in package:

- 190-watt monocrystalline solar panel with mounting brackets and roof docking port
- 30 amp flush mount solar charge controller
- Up to 8 outlets prepped for solar energy
- Pre-wired inverter fuse kit to connect inverter

SÖL 190 can upgrade to SÖL 380 by adding an additional 190 watt solar panel and an inverter with transfer switch.

*SÖL 190 does not include a battery, inverter, or transfer switch, you'll need to purchase them separately. Please contact Aims Power for battery purchases.

SÖL 330

Included in package:

- 1 x330 watt monocrystalline solar panels with mounting brackets and roof docking port
- 30 amp flush mount solar charge controller
- 2000 watt power inverter (may include a remote control based on location within RV)
- External transfer switch
- Up to 8 outlets connected

SÖL 330 currently does not have upgrades available.

*SÖL 330 package does not include a battery, unless you are currently purchasing a Heartland manufactured fifth wheel. Most Heartland fifth wheels, will include a lead acid battery. If you wish to purchase a battery, please contact a battery dealer.

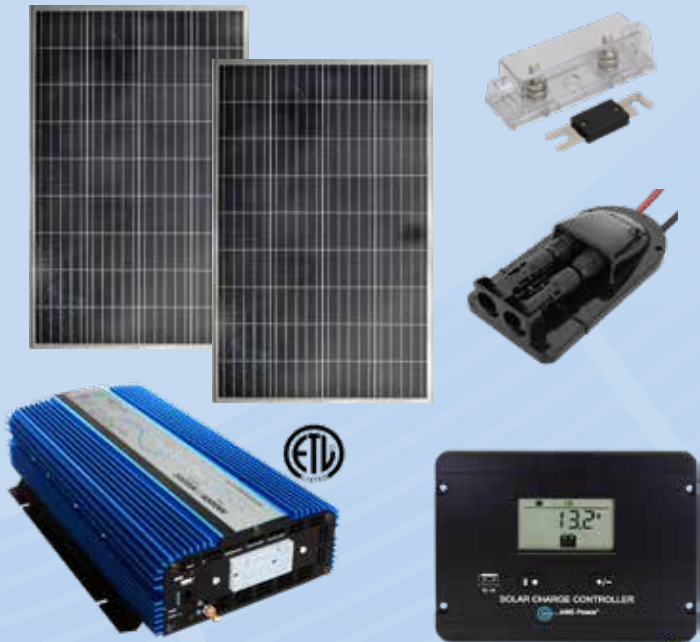

SÖL 380

Included in package:

- 2 x 190 watt monocrystalline solar panels with mounting brackets and roof docking port
- 30 amp flush mount solar charge controller
- 2000 watt power inverter (may include a remote control based on location within RV)
- External transfer switch
- Up to 8 outlets connected

SÖL 380 currently does not have upgrades available.

*SÖL 380 package does not include a battery, unless you are currently purchasing a Heartland manufactured fifth wheel. Most Heartland fifth wheels, will include a lead acid battery. If you wish to purchase a battery, please contact a battery dealer.
