

A scenic photograph of a white Eddie Bauer travel trailer parked in a lush forest. The trailer is reflected in a calm body of water in the foreground. Tall evergreen trees surround the site, and a snow-capped mountain peak is visible in the background under a blue sky with wispy clouds. A dark pickup truck is parked behind the trailer.

Heartland RV – Industry Leading Technology

Let The Sun Power You

Standard Prep on all units

heartland.com/solar

All Heartland RVs come standard with SOL – Powered by the Sun prep. With three solar options to choose from, you can have a solar package that supplements your typical energy use, or go for a higher tier that powers your RV when you camp off-grid.

A Single Location for 12V Wiring and Power Reset Breakers

Exclusive to Heartland, The Vault provides central housing for 12V wiring connections. It allows owners to disconnect 12V power going from your battery to the RV, keeping your battery in the same charge state as when you cut power.
