

THE HEARTLAND GOLD STANDARD

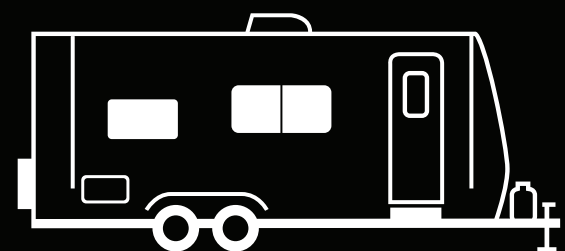

WHAT WE DO DIFFERENTLY

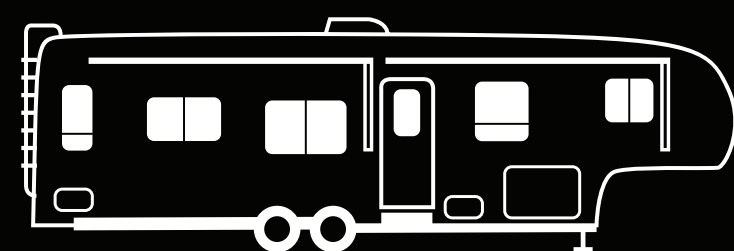

AeroChill Directional Cooling System

WHY IT SHOULD MATTER TO YOU

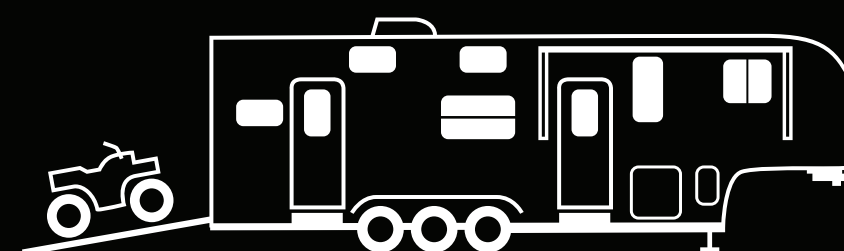

AeroChill Directional Cooling System with whisper-quiet A/C, exclusive dual duct design — keeps every corner of your RV evenly cooled. Directional, closeable vents — you control where the air flows. Larger return air vents with easy-access filters — better airflow, easier maintenance. Enjoy consistent comfort, better airflow, and cleaner air throughout your RV—so every journey feels relaxing, no matter the weather.
